By this application our library requests that the above named Internet Service Provider (ISP), with whom we contract for direct (non-dial) network communication services, be connected to the statewide KAN-ED network for the purpose of connecting schools, libraries, and hospitals of Kansas for interactive distance learning. This service is to be provided at no direct cost to the library or the Internet Service Provider. Responsibilities are enclosed. By this application we understand that we become part of the KAN-ED Consortium and authorize the Board of Regents to file requests for financial assistance on our behalf (such as e-rate for Internet2). This application does not supercede our rights or abilities to also seek additional funding assistance (such as local e-rate).
